

# Power to Kids free training overview

## Introductory events

- Key decision makers invited to a workshop in each state and territory, designed to generate shared commitment.
- Key Aboriginal leaders invited to a yarning circle in each state and territory, designed to guide the implementation and ensure culturally safe and inclusive practice.

## Readiness assessment

- Participating organisations complete an assessment that will help in identifying areas where focus of pre-work may be required to impactfully implement Power to Kids.

## Pre-training e-learning

- Participants will undertake a one-hour introductory self-paced e-learn and engage with the Myths & Misconceptions Tool as well as an hour of self-paced cultural e-learn to build cultural capabilities for implementation.

## Workforce training

- 1 day live webinar.
- Residential carers will cover three prevention strategies and model brave conversations.
- Leaders and Champions will stay on for additional training on the coaching model, enabling them to drive implementation and practice improvement.

## Self-guided implementation

- Online resources available on our learning platform including videos, psychoeducation and cultural capability resources.

## Community of practice

- Participants will be able to share learning and further enhance their practice in this online forum.

## Opt-in consultancy services

- Additional fee for service resources and consultancy services to support organisations are available. These services contextualise and implement Power to Kids to specific local contexts.
